

Communication No. 2319

Applications for ISU Championships

As announced in ISU Communication No. 2312 (Decisions of the Council), the Council concluded that Rule 127/3.b) of the ISU General Regulations as currently in force does not exclude that the Council extends the timeline of ISU Championships applications and allotments beyond the indicated seasons in the above-mentioned Rule. The Council furthermore agreed that under the current exceptional circumstances due to the COVID-19 crisis, the deadline for applications for ISU Championships will be August 31, 2020.

For the sake of better medium-term planning in the Speed Skating Branch where the balanced allotments of ISU Championships and ISU World Cups is essential and requires medium-term planning, the Council therefore decided to invite applications for ISU Speed Skating and Short Track Speed Skating Championships for evaluation and decision during its October 2020 meeting as follows:

- Season 2022/23 Championships applications to be considered by the ISU Council for Provisional Allotments in line with Rule 127, paragraph 3.b) of the ISU General Regulations.
- Seasons 2023/24 and 2024/25 ISU Speed Skating and Short Track Speed Skating Championships applications to be considered by the ISU Council for "Tentative Allotments" which subsequently remain subject to confirmation as Provisional Allotments as per Rule 127, paragraph 3.b). Such applications for Tentative Allotments may include multiple optional venues with the final venue to be decided at the time of the Provisional Allotment.
- For the format of the ISU World Speed Skating Championships refer to ISU Communication No. 2312, point 4.

For the Figure Skating Branch, for which the Grand Prix events are basically hosted by the same six ISU Members and consequently have less impact on the medium-term planning of ISU Events, the procedure remains as per Rule 127, paragraph 3.b), hence only applications for ISU Figure Skating Championships for the season 2022/23 are requested.

VII. Financial contributions from the ISU in favor of the sport activity of the organizing Member (Rule 106)

Rule 106 states that, *“for all ISU Events, the contributions to ISU Members (which include any contributions towards prize money) are based on the budget prepared by the Council and approved by the Congress, but the Council must respect criteria to ensure that the interest of all ISU Members is observed and respected.”*

Consequently, within the limits of the Congress accepted overall budget for contributions to the sport activity of the organizing ISU Members, the ISU Council decides upon the allocation of the financial contribution to each Event.

ISU Members applying for any ISU Championships will, upon request, receive an indication from the ISU Secretariat of the provisory ISU financial contribution allocated to the corresponding ISU Championships.

The ISU Council will indicate the consequent ISU contribution when deciding the provisional allotments and endeavour to confirm the amount at the time of the final allotment, in line with the provisory indication.

The ISU Council reserves the right to reduce the indicated financial contribution if required by economic or other pertinent reasons, in particular but not limited to the case that the financial situation of the ISU should substantially deteriorate as a result of reduced revenues for TV and sponsorship contracts from the relevant markets. The ISU Council would further reserve the right to reduce the ISU financial contribution to the organizers in the case that the organizers do not fully comply with all obligations undertaken by the ISU Member/organizer under the ISU Regulations (Rule 106, paragraph 2), the respective ISU Memorandum and this Communication.

At time of the definite allotment, the ISU Director General will inform the organizing ISU Member of the final financial ISU contribution, as well as the schedule/date of payment(s). X. Insurance of ISU Championships

The ISU is annually contracting cancellation insurance for the next upcoming season, i.e. the ISU is currently in negotiation for cancellation insurance cover for the season 2020/21 ISU Championships. The cancellation insurance basically covers the reimbursement for the net loss following the necessary cancellation, abandonment, disruption, interruption, relocation or rescheduling of the insured ISU Championships due to any cause beyond the control of the ISU or the Organizers. Since the insurance can be contracted only for the next upcoming season, the covered risks may vary from one season to another. Due to the current pandemic, insurance underwriters have enforced that until further notice all policies will exclude any losses arising as a result of Coronavirus or any mutation of the virus. Also, limitations to the risk for terrorism apply, namely being limited to terrorism which occurs at the venue and within the time period of the Championships.

The ISU Championships are basically insured for net losses up to the amount of the ISU contribution (excluding Prize Money). The insured sums will be communicated to the respective organizing ISU Members in due time.

ISU Members may request a copy of the Insurance Policy (as soon as finalized and available for the next upcoming season) and can, at their discretion and expense, increase the insured maximum amount at the same premium rate as the ISU.

The ISU also maintains a liability Insurance in respect of bodily injury, illness or disease and/or loss or damage to property of third parties with a Limit of Indemnity of US\$ 20,000,000.

The premiums for both insurance policies will be paid by the ISU in advance and are taken into account in the determination of the ISU financial contribution to organizing ISU Members.

XI. Information regarding the ISU Championships Hotels

Detailed information regarding the hotels is needed, so that the ISU can better evaluate the applications. Please state the prices in US\$ equivalent as well as the location of all hotels, the distance to the stadium(s) and expected transportation times. A brochure of the hotel(s) or a link to their website should also be enclosed.

XII. Press conferences and promotion campaigns

When an ISU Member has been provisionally or definitely allotted ISU Championships, press conferences and promotion campaigns must be organized. These obligations must be confirmed in the application.

The ISU Member applying for an ISU Championships must confirm in writing that it will observe and follow the most recent edition of the respective ISU Memorandum and any subsequent updating. The ISU Memorandum for the concerned discipline is available upon request at the ISU Secretariat.
